## REFERRAL PROGRAM

The best compliment that you  
can give our company is a  
referral.

We greatly appreciate the opportunity to work on your home improvement project, and the opportunity to help some of your valued friends and relatives with their home improvements as well. A good portion of our valued customer base is referrals, so we have put together a referral program to reward our customers for helping our business to grow. If any of the names listed below turn into a Roofing, Siding or Window contract we will gladly send you a check for \$100.00 to show you our appreciation!
